

20 May 2013

Dear Sir / Madam,

I have known Miss Angela Lai since 2007. It's my pleasure to have worked (in the position of Vice President of The Hong Kong Ophthalmological Society) with Angela (the Conference Executive) in the organization of the World Ophthalmology Congress in year 2008 and the subsequent International Symposium in Ophthalmology (ISO) HK 2012 with Angela working as the Senior Congress Manager.

Angela is very well-experience, she is well organized throughout the entire conference organization process starting from proposals, bidding, coordination, revenue forecasting and variance preparation, projection of services needed and the final delivery of the outcome.

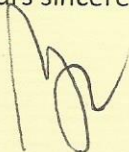

She is always proactive and positive, she can work under immense pressure when time line is tight and always demonstrated excellent result.

She has great communication skills and ability to work with a diverse group of team members, to enhance very smooth events in all aspects including official openings, scientific sessions, dinner events and VIP programs.

She is knowledgeable and was well organized, detail oriented with excellent follow-up.

Our Society had hosted successful World Ophthalmology Congress with over 13,000 delegates from all over the world in May 2008 and the recent ISO HK 2012 in December 2012. Angela had demonstrated her ability and leadership in both these events. I have no reservation to recommend her to any association, college or company for the organization of conferences of all sizes.

Yours sincerely,

Dr. Yuen Shi-yin, Nancy 袁淑賢醫生
